EXTERIOR SIGNAGE OPPORTUNITIES

NOT TO SCALE

*Please contact us for availability of all signage opportunities.
Signage installation fees may apply.

1 PHOTOS OF EXTERIOR AND SIGNAGE AREAS

BUILDING WINDOW POSTERS
(see Diagram ② on this page for dimensions)

SIDEWALK SHOWCASE DISPLAY
(see Diagram ③ on this page for dimensions)

CUSTOM BANNER OPPORTUNITY
(maximum banner size: 4' wide x 6' high)
Note: Grommet holes are needed on all four corners of banner for installation.

PORTHOLE WINDOWS -10 7/8" diameter

Note: All porthole windows on the exterior doors are clear glass.
18 portholes for event space, 6 portholes for theater doors.
Clients renting both spaces have access to all 24 portholes.

2 BUILDING WINDOW SIGN DIMENSIONS

Note:

Large window posters must be applied to the exterior of the windows (e.g. with vinyl) and require installation and removal.

3 SIDEWALK SHOWCASE DISPLAY DIMENSIONS

Notes:

This display has two sides.
The event space side is reserved for event space rentals and the theater side is reserved for theater rentals.

Use "Poster Dimensions" for overall poster size.
All text and vital graphic information should be designed within the "Visible Area" dimensions as outer edges of poster will be blocked by the frame around the display.
For best results, please use paper, vinyl or other types of flexible material (not foam core) for the poster material.
